

Cass School District 63

E-Learning / Remote Learning Plan

As Cass School District 63 facilities, Concord Elementary School and Cass Junior High School are closed due to a statewide mandate as a result of the Coronavirus / COVID19 pandemic, the District will continue to implement the following E-Learning / Remote Learning Plan.

Grades Kindergarten to Eight will engage in E-Learning / Remote Learning from 8:30 a.m. to 2:00 p.m. on every day that is scheduled as a school day, Monday through Thursday, based on the District approved 2019/20 [School Calendar](#). Prekindergarten E-Learning / Remote Learning will be either 8:30 a.m. to 11:00 a.m. or 11:30 a.m. to 2:00 p.m. Prekindergarten families may choose which E-Learning / Remote Learning session they would like to participate in consultation with their child's teacher. There will be no E-Learning / Remote Learning on Fridays, as staff will plan and participate in professional development.

Teachers will be in contact with students through the use of technology Monday through Thursday on scheduled school days. Special Service Teachers will be in contact directly with students that receive these services (Special Education, English Language Learners, Social Work, etc.). Each student in Cass School District 63, Prekindergarten to Grade Eight has a District issued device and is expected to use those devices to engage with their teachers, complete and submit their schoolwork.

Teachers will monitor student progress daily as they lead students through their respective curriculum. Progress will be communicated to parents via Fourth Quarter Report Cards. In other words, the curriculum for each grade level and content area will continue to move forward. Students will have opportunities to redo or make up assignments as they work to meet the curricular objectives. If at any time students need additional support, please contact your child's teacher.

Teachers are available between 8:30 a.m. and 2:00 p.m. on scheduled school days. If needed, teachers are your first line of contact with questions pertaining to E-Learning / Remote Learning. School Office Staffs and Administrators are also available for support through email. The District Office is physically open, but you are encouraged to call or email, rather than visiting. Contact information for staff can be found on the District website's [Staff Directory](#). Tech support, as during the school year, is available through the [Tech Help Desk](#).

Cass School District 63 is very proud of the District's E-Learning / Remote Learning Plan and will aggressively continue to enhance this educational process. However, it is not a completely comparable substitute for face-to-face teaching and learning at elementary and junior high school levels. When students physically return to school, each student will be assessed and curriculum will be individually modified accordingly.

Your feedback on the District's E-Learning / Remote Learning Plan are always welcome.
