

Important Communication

March

12

Good evening Cass 63 Families,

As we shared with you last night, we were informed that a Cass Junior High School student's non-Cass 63 sibling was being tested for the Coronavirus/COVID-19. We were waiting for additional information and at this time, we have not received it.

With health and safety as our number one goal, we have decided to close the physical facilities of Concord Elementary School and Cass Junior High School for today, Thursday, March 12, which includes all before school or after school activities. However, our teachers will be implementing our E-Learning program today. Please look for electronic communications from your child(ren)'s teacher(s).

If your Cass 63 child attends one of our partner schools, please know that our partner school facilities are open and transportation service will be provided today for these students.

Please expect a formal communication from us this evening updating you on this situation in regards to school status for Friday, March 13.

Please fully respect that we cannot share any specific personal information. Thank you for your understanding, patience and supporting that health and safety is Cass School District 63's number one goal.
