## COVID-19 Low-Risk Exposure Notification (CORRECTED)

December 8, 2020

Dear Cass School District 63 Parents and Families,

The purpose of this letter is to make you aware that Cass School District 63 was notified that an individual in the school district has tested positive for COVID-19. The individual was last in the school setting Monday, December 7<sup>th</sup> and did not exhibit symptoms for either Concord Elementary School or Cass Junior High School. All health and safety procedures and protocols were enacted, the individual was subsequently tested and the positive test results were communicated to school district staff. School district administrators immediately began investigating and collecting facts regarding the case, including determining any "close contacts" per Illinois Department of Public Health guidance. As a result of that investigation, it was determined that there were two close contacts on the school bus in this particular instance.

This case is classified as a low-risk exposure for all individuals who have not already been identified and contacted. Please review the [Low-Risk Notification](#) from the DuPage County Health Department. The school district followed all necessary procedures and will continue to monitor the situation as we do with any cases or close contacts in the school setting. In addition to this information, the school district will continue to communicate with our parents and school community regarding this case in the event it is necessary to do so.

Cass School District 63 will continue to follow all protocols outlined by the Illinois Department of Public Health and the [COVID-19 Exclusion Guidance](#) when a student or staff member tests positive. Additional information on our cases, close contacts, procedures and Return to Learn Framework is available at [www.casstd63.org](http://www.casstd63.org). We will remain vigilant and continue to do whatever we can here to keep your children safe and we ask that you continue to do your part at home. Please reach out with any questions or concerns at all. Thank you!

Sincerely,

*Mark R. Cross*
