Dear Students and Parents,

Welcome to the 2024/2025 school year! I hope you are as excited as we are to begin a new year! We work to make every year the best it can be by building on our past successes. This promises to be a great year!

At Cass Junior High School, we are committed to making each student's junior high experience intellectually stimulating and emotionally supportive. Students, we hope you accept our challenge to stretch yourselves. Your experience at Cass will also involve discovering more about yourself, building friendships, and getting along with others. Parents, we hope you will be comfortable stepping back a bit and allowing your children to celebrate successes and learn from mistakes as students mature and become more independent. We will support you as your parental role shifts from one of helping and doing for, to one of more guiding, watching and waiting.

Effective communication is essential to a successful school experience. This handbook includes information about school procedures and expectations that are important to know. It is also an important organizational tool for you to use throughout the year. Students will have the opportunity to discuss each section in class during the first week of school. Please don't hesitate to ask questions. Our students are outstanding! I challenge each of them to make a difference in the world and to have the most successful school year ever.

Sincerely,

Mrs. Christine Marcinkewicz
Cass Jr. High Principal

Ms. Michelle Roberts
Assistant Principal

ACADEMICS

Expectations: Cass Junior High School has a proud tradition of outstanding student achievement. The Cass community strongly believes that all students can be successful. In order to be successful, students should:

- | | |
|--|------------------------|
| ● Be on time (to school and classes) | ● Pay attention |
| ● Be prepared (have appropriate materials for class) | ● Study for tests |
| ● Complete assignments and all homework | ● Do your best |
| | ● Ask for help! |

Academic Grade Scale: Students are assessed on academic progress for each standard using the following scale:

Exceeds Mastery	Mastery	Approaching Mastery	Progressing
A student who merits an A+ is one who has exceeded expectations by outperforming the standards listed.	A student who merits an A is one who has mastered the standards listed.	A student who merits a B is one who meets the standards listed but has not quite mastered them all.	A student who merits a C is one who is progressing toward the mastery of standards listed but not yet meeting all of the standards.
A+	A	B	C
96.0% - 100%	90.0% - 95.99%	80.0% - 89.99%	70.0% - 79.99%

Needs Improvement	Incomplete
A student who merits an NI is one who needs to improve in order to progress toward the standards listed below.	A student who merits an INC is one who has not completed the work in whole or in part necessary to assess progress on the standard(s).
NI	INC
50.0% - 69.99%	0.0% - 49.99%

Report cards are no longer sent home via US mail. Parents and students are encouraged to check academic progress through the Parent Portal via our website. If you need to obtain your user name and password, please contact the school office. Teachers update online grades on a weekly basis. Students will take NWEA Map tests three times per year. You will receive an updated NWEA Progress Report during these reporting intervals.

Additionally, standards based grading looks at a student’s growth over time. Therefore, at the end of each quarter, standards are not wiped clean. Standards are set for the year with progress checks occurring at quarterly intervals. In other words, one quarter’s work builds upon the next.

Work Habits: In addition to the report card, you will receive a separate indication of “work habits” for your student. The Work Habits Rubric helps us to demonstrate how well

your student studies, participates, behaves, organizes or completes homework. The “grade” that your student receives on the traditional report card is a more accurate reflection of your student’s academic progress than it has been in the past because the academic achievement and work habits are now reported separately.

Work Habits Grade Scale: Students are assessed on work habits using the following scale:

M Meeting
P Progressing
NM Not Meeting

Test Retakes: With a focus on mastery, the learning environment provides all students the time and opportunity to demonstrate what they know and are able to do. This may include a reassessment or retake. A retake is an opportunity to do this; however, students must learn the responsibility by completing some sort of “corrective” action prior to retake. (Ken O’Connor)

- A Retake Test provides students with an additional opportunity to demonstrate what they know and are able to do. Retakes are only available on assessments which earn a grade *Needs Improvement* or *Incomplete*.
- Test retakes may take place on Tuesday or Thursday mornings from 8:00 – 8:30 am, during lunch times, or Monday or Wednesday afternoons from 3:30 – 4:00 pm. See your teacher’s retake schedule for details.
- There are time limits on retakes. Students must commit to retaking the test within two days and retake the actual test within the dates laid out in your teacher’s retake obligation form.
- A student must independently obtain and complete a retake obligation form, which includes a student and parent signature, dates for retake, and a corrective plan of action.
- The Retake Obligation Form must be returned prior to the retake appointment.
- Retake Obligation Forms are available in all classrooms, shared as a Google Doc and Google Classrooms.
- If the student misses the retake opportunity for any reason other than an excused absence s/he will forfeit his or her retake opportunity for that test.
- **How will the final grade be determined?** The student will earn the new test score. If the student’s score does not improve on the retake, s/he will receive his or her original score.
- Students should arrive on time (not more than 5 minutes early) and check in directly with the office staff. Lunchtime testing sessions will be administered through the LLC. Transportation arrangements must be provided by the parent/guardian.

Academic Recognition: Students recognized at the conclusion of the school year for outstanding academic achievement.

- Academic Platinum – Overall EMs in each class which requires between a 96% and 100% average of student work. The designation of Academic Platinum is viewed as the compilation of the entire year’s work. High academic standards and personal integrity are some of the attributes considered in this award.
- Academic Gold – Mastery in each class which requires a minimum of a 90.0% in every single class.

Promotion: Promotion to the next grade requires that a student be designated as Progressing (P) or greater on the majority of standards. A student should also have satisfactory attendance. Failure to meet these requirements may result in a remedial plan of action determined by teachers, administration, and the student’s parent/guardian.

Engagement in Academic Dishonesty: Engaging in academic dishonesty includes (but is not limited to) cheating, intentionally plagiarizing, wrongfully giving or receiving help during an academic assessment, altering report cards and wrongfully obtaining test copies or scores. Engaging in this behavior may cause all participating students to receive no credit on the assignment, test, or project where the incident occurred. There will also be parent notification and disciplinary action. Students who provide their own materials to other students for copying/plagiarism may also be subject to the same disciplinary action.

Artificial Intelligence (AI) is not a substitute for schoolwork that requires original thought. Students may not claim AI generated content as their own work. The use of AI to take tests, complete assignments, create multimedia projects, write papers, or complete schoolwork without permission of a teacher or administrator is strictly prohibited. The use of AI for these purposes constitutes cheating or plagiarism.

- All students attending the study group will remain with this group until 4:50 p.m.
- A student who remediates the missing or poor quality assignment shall be deemed eligible upon the teacher's consent.
- A student who needs to retake an assessment will do so during study group. The student will be deemed eligible upon a satisfactory grade on the assessment retake.
- A student ineligible due to behavior shall be deemed eligible upon completion of a restorative exercise and initial of the Principal.

Student Concussions and Head Injuries: Student athletes must comply with Illinois’s Youth Sports Concussion Safety Act and all protocols, policies and bylaws of the SDEAA before being allowed to participate in any athletic activity, including practice or competition.

A student who was removed from practice or competition because of a suspected concussion shall be allowed to return only after all statutory prerequisites are completed including, without limitation, the return-to-play and return-to-learn protocols.

Behavior Expectations for activities: Students attending school-sponsored events outside of the regular school day schedule (e.g. athletic events, dances, field trips, and concerts) are expected to behave appropriately, according to the regulations outlined in the Student Handbook. Failure to abide by these guidelines will result in disciplinary action.

Field Trips: Field Trips are a privilege for students. Students must abide by all school policies during transportation and during field-trip activities, and shall treat all field trip locations as though they are school grounds. Failure to abide by school rules and/or location rules during a field trip may subject the student to discipline. All students who attend a field trip must receive written permission from a parent or guardian with authority to give permission.

Students may be prohibited from attending field trips for any of the following reasons:

- Failure to receive appropriate permission from parent/guardian or teacher;
- Failure to complete appropriate coursework;
- Behavioral or safety concerns;
- Denial of permission from administration;
- Other reasons as determined by the school.

A school board must allow a student athlete to modify his or her athletic or team uniform for the purpose of modesty in clothing or attire that is in accordance with the requirements of his or her religion or his or her cultural values or modesty preferences.

ATTENDANCE

The system for reporting student absences at Cass Junior High School utilizes the voice mail system. When a child is absent, the parent should call the school and leave the child’s

name, parent name, telephone number, where parent can be reached, and the reason for the child's absence. Parents should call the school voice mail system no later than 8:45 a.m. the day of the pupil's absence. Students will have one day for every day of excused absence to make up assignments. Please submit a doctor's note to the office for absences three days or longer. The school office may send county attendance letters home when a student accumulates 5 or more absences.

Illness & Symptom Guidelines: The following guidelines are provided to assist you in determining if your child is well enough to attend school.

Please do not send your child to school if they are experiencing any of the following symptoms:

- Eyes that have any of the following: red, pink or have green or yellow drainage or crust to eyelids. These are signs of possible infection requiring medication. Any child with these symptoms will be sent home and must be seen by a healthcare provider to determine if medication is required. If medication is prescribed, the student must wait 24 hours before returning to school.
- Coughing: Any child who has a frequent cough should be kept home. This is one of the most common ways for germs to be spread. Children who continually cough may be sent home.
- Sore Throat: Redness, white or cream colored patches in the mouth or around the throat and/or pain when swallowing should stay home. Children experiencing these symptoms with or without fever should stay home.
- Nose Drainage (Runny Nose): If your child has yellow or green drainage, keep them home. Clear drainage is ok to manage at school.
- Fever: Take your child's temperature whenever a child complains of not feeling well, even for headaches. Using your hand is not an accurate way of determining fever. A fever is a sign of illness. When a child has a fever, s/he is spreading illness to all who come in contact with him. **Children must be fever free (less than 100 degrees) for 24 hours without having taken Tylenol or Motrin within 24 hours.**
- Vomiting: Children who have vomited should not return to school until 24 hours after the last episode of vomiting.
- Rash Any child that has a rash that has not been evaluated by a doctor should be kept home.

If your child is complaining of a symptom, please do not give your child medications such as Tylenol, Motrin, or cough medicine and send them to schools. Those medications will not keep your child feeling well all day. Keeping your child home will prevent illness from being spread and eliminate the need to have to come and pick your child up in the middle of the school day. If you are not sure if you should send your child to school, feel free to contact the health office.

Truancy: The Illinois School Code defines a "truant" as a child who is absent without valid cause from school. Valid causes for a child being absent from school include illness, religious observances, and family emergencies. Vacations are considered unexcused

absences in accordance with Illinois State Board of Education guidelines. A chronic truant is defined as a student who has missed 5% of the previous 180 school days (which translates to 9 of the previous 180 days). Those parents of students who are experiencing attendance problems will be contacted at the occurrence of the concern so as to explore reasons for the absences. If all interventions at the school level prove to be unsuccessful, he/she will be referred to the DuPage County Superintendent of Schools Truancy Office.

Tardy: If a child is going to be late to school, parents should call the main office. Students must report to the main office when tardy. Teachers may not admit a student without a pass signed by the office. Students who are excessively tardy without legitimate excuses will be subject to the school's disciplinary policy.

Excused / Unexcused Absences: There are two types of absences: excused and unexcused. Excused absences include: illness (including mental or behavioral health of the student), observance of a religious holiday or event, death in the immediate family, family emergency, situations beyond the control of the student, circumstances that cause reasonable concern to the parent/guardian for the student's mental, emotional, or physical health or safety, attending a military honors funeral to sound TAPS, or other reason as approved by the building principal.

Additionally, a student will be excused for up to 5 days in cases where the student's parent/guardian is an active duty member of the uniformed services and has been called to duty for, is on leave from, or has immediately returned from deployment to a combat zone or combat-support postings. The Board of Education, in its discretion, may excuse a student for additional days relative to such leave or deployment. A student and the student's parent/guardian are responsible for obtaining assignments from the student's teachers prior to any excused absences and for ensuring that such assignments are completed by the student prior to his or her return to school.

Pursuant to Public Act 102-981 (effective 1-1-23), school boards must allow "public middle school and high school" students one day-long excused absence per school year for the purpose of attending a civic event.

Students who are excused from school will be given a reasonable timeframe to make up missed homework and classwork assignments.

All other absences are considered unexcused.

The school may require documentation explaining the reason for the student's absence along with a doctor's note.

In the event of any absence, the student's parent/guardian is required to call the school at **331.481.4000 choose option 2 then option 7** before 8:00 a.m. to explain the reason for the absence. **You may also choose to email at CassAttendance@CassD63.org**

If a call has not been made to the school by 9:00 a.m. on the day of a student's absence, a school official will call the home to inquire why the student is not at school. If the parent/guardian cannot be contacted, the student will be required to submit a signed note from the parent/guardian explaining the reason for the absence. Failure to do so shall result in an unexcused absence. Upon request of the parent/guardian, the reason for an absence will be kept confidential.

Unexcused Absences: Absence without a valid cause as defined by Illinois State Board of Education guidelines will be treated as an unexcused absence. Vacations are considered unexcused absences in accordance with ISBE guidelines. Unexcused absences may result in truancy. Students guilty of this will be subject to the school's disciplinary policy. Students determined to be chronically truant will be referred to the appropriate authorities.

Early Pick-up: It may be necessary for a child to leave school early for a medical appointment or other reason. Students with such appointments should bring a note of explanation, signed by a parent or guardian, to the office upon arrival. In the event of a family emergency, a parent or guardian should contact the school by phone, if possible. **Parents should pick up and sign out their children in the office - not the classroom, athletic fields, or parking lot.** The Superintendent and Principal are the only persons authorized to dismiss your child from school, and they will do this through the school office, with established procedures.

Absence and Activities: A student who is absent from school after noon is ineligible for any extracurricular or athletic activity on that day unless the absence has been approved in writing by the principal. Exceptions may be made by the sponsor or coach for: 1) pre-arranged medical appointment; 2) a death in the student's family; or 3) a religious ceremony or event. Also, a student who has been suspended from school is also suspended from participation in all extracurricular and athletic activities for the duration of the suspension.

Vacations: Our District discourages vacation when school is in session and encourages parents to limit vacations to the times when school is not in session. If it becomes absolutely necessary for a student to be out of school for an extended period, the Principal and the student's teachers should be notified in advance. Students will be responsible for completing work as per teacher instructions, in order to receive credit. Vacations are considered unexcused absences in accordance with Illinois State Board of Education guidelines.

AWARENESS AND PREVENTION OF CHILD SEXUAL ABUSE, GROOMING BEHAVIORS AND BOUNDARY VIOLATIONS

Child sexual abuse, grooming behaviors, and boundary violations harm students, their parent/guardian, the District's environment, its school communities, and the community at large, while diminishing a student's ability to learn.

Warning Signs of Child Sexual Abuse

Warning signs of child sexual abuse include the following physical signs:

- Sexually transmitted infections (STIs) or other genital infections

Warning Signs of Grooming Behaviors School and District employees are expected to maintain professional and appropriate relationships with students based upon students' ages, grade levels, and developmental levels.

Prohibited grooming is defined as (i) any act, including but not limited to, any verbal, nonverbal, written, or electronic communication or physical activity, (ii) by an employee with direct contact with a student, (iii) that is directed toward or with a student to establish a romantic or sexual relationship with the student. Examples of grooming behaviors include, but are not limited to, the following behaviors:

If you believe you are a victim of child sexual abuse, grooming behaviors, or boundary violations, or you believe that your child is a victim, you should immediately contact the Building Principal, a school counselor, or another trusted adult employee of the School.

STUDENT BEHAVIOR

We share with parents a desire that students will achieve to the best of their ability. We share, too, in the parent's responsibility for their child's conduct while attending school. It is expected that all students cooperate with and exhibit attitudes of respect and courtesy towards other children, teachers and any other school personnel at all times. Proper care of school property is expected. This means we expect each student to demonstrate proper behavior and compliance with all school rules. Failure to comply with these rules will result in consequences outlined below. These guidelines are devoted to explaining the general school rules and procedures. In addition, each teacher establishes rules for and maintains discipline within his/her classroom.

Dress Code: Students are expected to present themselves in a manner which is appropriate for their age level. If a student is found not be in compliance with the school dress code policies, the student will be asked to change into alternative clothing that is here at school or a call will be made home in order to get the appropriate clothing. If a student is non-compliant with dress code on a consistent basis, disciplinary action may be taken. Students are expected to wear clothing in a neat, clean, and well-fitting manner while on school property and/or in attendance at school sponsored activities. Students

are to use discretion in their dress and are not permitted to wear apparel that causes a disruption in the school environment. A student's appearance, including dress and hygiene, must not disrupt the educational process or compromise standards of health and safety. The school does not prohibit hairstyles historically associated with race, ethnicity, or hair texture, including, but not limited to, protective hairstyles such as braids, locks, and twists. Students who disrupt the educational process or compromise standards of health and safety must modify their appearance.

- Student dress (including accessories) may not advertise, promote, or picture alcoholic beverages, illegal drugs, drug paraphernalia, violent behavior, or other inappropriate images.
- Students may not carry bags of any kind during the school day for safety reasons. School bags, athletic bags and large purses should be left in lockers.
- Student dress (including accessories) may not display lewd, vulgar, obscene, or offensive language or symbols, including gang symbols.
- Hats, coats, bandannas, sweat bands, and sun glasses may not be worn in the building during the school day.
- Hair styles, dress, and accessories that pose a safety hazard are not permitted in the science laboratories or during physical education class.
- Clothing with holes, rips, tears, and clothing that is otherwise poorly fitting (ie. too tight or revealing), showing skin and/or undergarments may not be worn at school.
- The length of shorts or skirts must be appropriate for the school environment. The length of the out stretched arms to the fingertips is considered appropriate.
- Footwear must be worn at all times.

If there is any doubt about dress and appearance, the building principal will make the final decision. A student deemed inappropriately dressed may be asked to change into the PE uniform. Student whose dress causes a disruption of the orderly process of school functions or endangers the health or safety of the student, other students, staff or others may be subject discipline.

Lunchroom Responsibilities: Good manners and good conduct is expected of everyone in the lunchroom.

- Students shall follow the instructions of the lunchroom supervisors and show proper respect toward all cafeteria personnel.
- Students shall walk to lunch and shall be orderly, quiet, and remain seated.
- No food or drink (including water bottles) shall leave the cafeteria.
- Loud talking, yelling, screaming, and other disruptions are prohibited.
- Students shall not throw food, milk cartons or other items.
- Students shall remain seated while in the cafeteria except to return to the lunch line or return trays.
- Students shall be dismissed from the cafeteria by the lunch room supervisor.

Cyberbullying includes the creation of a webpage or weblog in which the creator assumes the identity of another person or the knowing impersonation of another person as the author of posted content or messages if the creation or impersonation creates any of the effects enumerated in the definition of bullying. Cyberbullying also includes the distribution by electronic means of a communication to more than one person or the posting of material on an electronic medium that may be accessed by one or more persons if the distribution or posting creates any of the effects enumerated in the definition of bullying.

Examples of prohibited conduct include name-calling, using derogatory slurs, stalking, sexual violence, causing psychological harm, threatening or causing physical harm, threatened or actual destruction of property, or wearing or possessing items depicting or implying hatred or prejudice of one of the characteristics stated above.

Students are encouraged to immediately report bullying. A report may be made orally or in writing to the principal, district complaint manager or any staff member with whom the student is comfortable speaking. All school staff members are available for help with a bully or to make a report about bullying. Anyone, including staff members and parents/guardians, who has information about actual or threatened bullying is encouraged to report it to the district complaint manager or any staff member.

The school establishes fees and charges to fund certain school activities. Students will not be denied the opportunity to participate in curricular and extracurricular programs of the school district due to the inability of their parent or guardian to pay fees or certain charges. Students whose parent or guardian is unable to afford student fees may receive a fee waiver. A fee waiver applies to all fees related to school, instruction, and extracurricular activities.

Applications for fee waivers may be obtained from the school office and may be submitted by a parent or guardian of a student who has been assessed a fee. As student is eligible for a fee waiver if at least one of the following prerequisites is met:

1. The student currently lives in a household that meets the same income guidelines, with the same limits based on household size, that are used for the federal free meals programs;
2. The student's parent is a veteran or active-duty military personnel with income at or below 200% of the federal poverty line;
3. The student is homeless, as defined by the Mc-Kinney-Vento Homeless Assistance Act.

The building principal will give additional consideration where one or more of the following factors are present:²

- An illness in the family;
- Unusual expenses such as fire, flood, storm damage, etc.;
- Unemployment;
- Emergency situations; or
- When one or more of the parents/guardians are involved in a work stoppage.

The building principal will notify the parent/guardian promptly as to whether the fee waiver request has been granted or denied. Questions regarding the fee waiver application process or an appeal of the District's decision to deny a fee waiver should be addressed to the Building Principal. Pursuant to the Hunger-Free Students' Bill of Rights Act, the school is required to provide a federally reimbursable meal or snack to a student who requests one, regardless of whether the student has the ability to pay for the meal or snack or owes money for earlier meals or snacks. Students may not be provided with an alternative meal or snack and the school is prohibited from publicly identifying or stigmatizing a student who cannot pay for or owes money for a meal or snack.

Fines for loss or damage to school property are waived for students who meet certain eligibility guidelines.

FOOD ALLERGIES

State law requires our school district to annually inform parents of students with life-threatening allergies or life-threatening chronic illnesses of the applicable provisions of Section 504 of the Rehabilitation Act of 1973 and other applicable federal statutes, state statutes, federal regulations and state rules.

If your student has a life-threatening allergy or life-threatening chronic illness, please notify the main office.

Prevention of Anaphylaxis While it is not possible for the School or District to completely eliminate the risks of an anaphylactic emergency, the District maintains a comprehensive policy on anaphylaxis prevention, response, and management in order to reduce these risks and provide

accommodations and proper treatment for anaphylactic reactions. Parent(s)/guardian(s) and students who desire more information or who want a copy of the District's policy may contact the Building Principal.

Federal law protects students from discrimination due to a disability that substantially limits a major life activity. If your student has a qualifying disability, an individualized Section 504 Plan will be developed and implemented to provide the needed support so that your student can access his or her education as effectively as students without disabilities.

Not all students with life-threatening allergies and life-threatening chronic illnesses may be eligible under Section 504. Our school district also may be able to appropriately meet a student's needs through other means.

HARASSMENT

No person, including a school or school district employee or agent, or student, shall harass, intimidate, or bully a student on the basis of actual or perceived: race; color; national origin; military status; unfavorable discharge status from military service; sex; sexual orientation; gender identity¹; gender-related identity or expression; ancestry; age; religion; physical or mental disability; order of protection status; status of being homeless; actual or potential marital or parental status, including pregnancy; association with a person or group with one or more of the aforementioned actual or perceived characteristics; or any other distinguishing characteristic. The District will not tolerate harassing, intimidating conduct, or bullying whether verbal, physical, sexual, or visual, that affects the tangible benefits of education, that unreasonably interferes with a student's educational performance, or that creates an intimidating, hostile, or offensive educational environment. Examples of prohibited conduct include name-calling, using derogatory slurs, stalking, sexual violence, causing psychological harm, threatening or causing physical harm, threatened or actual destruction of property, or wearing or possessing items depicting or implying hatred or prejudice of one of the characteristics stated above.

MANDATED REPORTERS

All school personnel, including teachers and administrators, are **required by law** to immediately report any and all suspected cases of child abuse or neglect to the Illinois Department of Children and Family Services.

MEDICAL REQUIREMENTS

All students are required to present appropriate proof of a health examination and the immunizations against, and the screenings for, preventable communicable diseases within one year prior to entering the sixth grade.

In addition to standard list of immunizations, proof of immunization against meningococcal disease is required for student entering sixth grade.

Failure to comply with the above requirements by October 15 of the current school year will result in the student's exclusion from school until the required health forms are presented to the school, subject to certain exceptions. New students who register midterm have 30 days following registration to comply with the health examination and immunization requirements. If a medical reason prevents a student from receiving a require immunization by October 15, the student must present, by October 15, an immunization schedule and a statement of the medical reasons causing the delay. The schedule and statement of medical reasons must be signed by an appropriate medical professional.

By May 15, all students entering sixth grade must present proof of a dental examination by a licensed dentist within the last 18 months. Failure to present proof allows the school to hold the child's report card and release of records.

Exemptions: A student will be exempt from the above requirements for:

1. Medical grounds if the student's parent / guardian presents to the building principal a signed statement explaining the objection;
2. Religious grounds if the student's parent / guardian presents to the building principal a completed Certificate of Religious Exemption;
3. Health examination or immunization requirements on medical grounds, if a physician provides written verification.

MEDICATION

Administration of medicine at school and school-related activities should be discouraged unless necessary for the critical health of the student.

Taking medication during school hours or during school-related activities is prohibited unless it is necessary for a student's health and well-being. When a student's licensed health care provider and parent/guardian believe that it is necessary for the student to take a medication during school hours or school-related activities, the parent/guardian must request that the school dispense the medication to the child by completing a "School Medication Authorization Form."

No school or district employee is allowed to administer to any student, or supervise a student's self-administration of, any prescription or non-prescription medication until a completed and signed School Medication Authorization Form is submitted by the student's parent/guardian. No student is allowed to possess or consume any prescription or non-prescription medication on school grounds or at a school-related function other than as provided for in this procedure.

Self-administration of medication: A student may possess and self-administer an epinephrine auto-injector (EpiPen®) and/or an asthma inhaler or medication prescribed for use at the student's discretion, provided the student's parent/guardian has completed and signed a School Medication Authorization Form. The school and district shall incur no liability, except for willful and wanton conduct, as a result of any injury arising from a student's self-administration of medication or epinephrine auto-injector or the storage of

any medication by school personnel. A student's parent/guardian must agree to indemnify and hold harmless the school district and its employees and agents, against any claims, except a claim based on willful and wanton conduct, arising out of a student's self-administration of an epinephrine auto-injector and/or asthma inhaler, or the storage of any medication by school personnel.

Administration of Medical Cannabis: In accordance with the Compassionate Use of Medical Cannabis Program, qualifying students are allowed to utilize medical cannabis infused products while at school and school events. Please contact the building principal for additional information. Discipline of a student for being administered a product by a designated caregiver pursuant to this procedure is prohibited. The District may not deny a student attendance at a school solely because he or she requires administration of the product during school hours.

Undesignated Medications: The school may maintain the following undesignated prescription medications for emergency use: (1) Asthma medication; (2) Epinephrine injectors; (3) Opioid antagonists; and (4) Glucagon. No one, including without limitation, parents/guardians of students, should rely on the school or district for the availability of undesignated medication. This procedure does not guarantee the availability of undesignated medications. Students and their parents/guardians should consult their own physician regarding these medication(s).

Emergency Aid to Students: Nothing in this policy shall prohibit any school employee from providing emergency assistance to students, including administering medication.

PANDEMIC PREPAREDNESS, MANAGEMENT & RECOVERY

A pandemic is a global outbreak of disease. Pandemics happen when a new virus emerges to infect individuals and, because there is little to no pre-existing immunity against the new virus, it spreads sustainably. Your child's school and district play an essential role, along with the local health department and emergency management agencies, in protecting the public's health and safety during a pandemic or other health emergency.

During a pandemic or other health emergency, you will be notified in a timely manner of all changes to the school environment and schedule that impact your child. Please be assured that even if school is not physically in session, it is the goal of the school and district to provide your child with the best educational opportunities possible.

Additionally, please note the following:

1. All decisions regarding changes to the school environment and schedule, including a possible interruption of in-person learning, will be made by the superintendent in consultation with and, if necessary, at the direction of the Governor, Illinois Department of Public Health, local health department, emergency management agencies, and/or Regional Office of Education.
2. Available learning opportunities may include remote and/or blended learning. Blended learning may require your child to attend school on a modified schedule.

3. Students will be expected to participate in blended and remote instruction as required by the school and district. Parents are responsible for assuring the participation of their child. Students who do not participate in blended or remote learning will be considered truant.
4. All school disciplinary rules remain in effect during the interruption of in-person learning. Students are subject to discipline for disrupting the remote learning environment to the same extent that discipline would be imposed for disruption of the traditional classroom.
5. Students and parents will be required to observe all public health and safety measures implemented by the school and district in conjunction with state and local requirements.
6. During a pandemic or other health emergency, the school and district will ensure that educational opportunities are available to all students.
7. School personnel will work closely with students with disabilities and other vulnerable student populations to minimize the impact of any educational disruption.
8. Students who have a compromised immune system, live with an individual with a compromised immune system, or have a medical condition that may impact their ability to attend school during a pandemic or other public health emergency should contact school officials.
9. During a pandemic or other health emergency, teachers and school staff will receive additional training on health and safety measures.
10. In accordance with school district or state mandates, the school may need to conduct a daily health assessment of your child. Parents and students will be notified of the exact assessment procedures if this becomes necessary.
11. Parents should not send their child to school if their child exhibits any symptoms consistent with the pandemic or other health emergency.
12. Please do not hesitate to contact school or district officials if you have any concerns regarding your child's education, health or safety.

PHYSICAL EDUCATION EXEMPTION

In order to be excused from participation in physical education, a student must present an appropriate excuse from his or her parent/guardian or from a person licensed under the Medical Practice Act. The excuse may be based on medical or religious prohibitions. An excuse because of medical reasons must include a signed statement from a person licensed under the Medical Practice Act that corroborates the medical reason for the request. An excuse based on religious reasons must include a signed statement from a member of the clergy that corroborates the religious reason for the request. Upon written notice from a student's parent/guardian, a student will be excused from engaging in the physical activity components of physical education during a period of religious fasting.

A student in grades 7-8 may submit a written request to the building principal requesting to be excused from physical education courses because of the student's ongoing participation in an interscholastic or extracurricular athletic program. The building principal will evaluate requests on a case-by-case basis.

Students with an Individualized Education Program may also be excused from physical education courses for reasons stated in the Students with Disabilities section of the handbook.

Special activities in physical education will be provided for a student whose physical or emotional condition, as determined by a person licensed under the Medical Practices Act, prevents his or her participation in the physical education course.

State law prohibits the School District from honoring parental excuses based upon a student's participation in athletic training, activities, or competitions conducted outside the auspices of the School District.

Students who have been excused from physical education shall return to the course as soon as practical. The following considerations will be used to determine when a student shall return to a physical education course:

1. The time of year when the student's participation ceases; and
2. The student's class schedule.

SAFETY DRILL PROCEDURES AND CONDUCT

Safety drills will occur at times established by the administration. Students are required to be silent and shall comply with the directives of school officials during emergency drills. There will be a minimum of three (3) evacuation drills, a minimum of one (1) severe weather (shelter-in-place) drill, a minimum of one (1) law enforcement lockdown drill to address a school shooting incident, and a minimum of one (1) bus evacuation drill each school year. There may be other drills at the direction of the administration. The law enforcement lockdown drill will be announced in advance and a student's parent/guardian may elect to exclude their child from participating in this drill. All other drills will not be preceded by a warning to students.

SEARCH AND SEIZURE

In order to maintain order safety and security in the schools, school authorities are authorized to conduct reasonable searches of school property and equipment, as well as of students and their personal effects. "School authorities" include school liaison police officers.

School Property and Equipment, as well as Personal Effects Left There by Students:

School authorities may inspect and search all school property and equipment owned or controlled by the school (such as lockers, desks, and parking lots), as well as the personal effects left there by a student, without notice to or the consent of the student. Students have no reasonable expectation of privacy in these places or areas or in their personal effects left there.

The Principal may request the assistance of law enforcement officials to conduct inspections and searches of lockers, desks, parking lots and other school property and

equipment for illegal drugs, weapons or other illegal or dangerous substances or materials including searches conducted through the use of specially trained dogs.

Students: School authorities may search a student and/or the student's personal effects in the student's possession (such as purses, wallets, backpacks, book bags, lunch boxes, etc.) when there is a reasonable ground for suspecting that the search will produce evidence that a particular student has violated or is violating either the law or the school or district's student rules and policies. The search will be conducted in a manner that is reasonably related to its objective of the search and not excessively intrusive in light of the student's age and sex, and the nature of the infraction.

School officials may require a student to cooperate in an investigation if there is specific information about activity on the student's account on a social networking website that violates disciplinary rule or school district policy. In the course of the investigation, the student may be required to share the content that is reported in order for the school officials to make a factual determination. School officials may not request or require a student or his or her parent to provide a password or other related account information to gain access to the student's account or profile on a social networking website.

Questioning of Students Suspected of Committing Criminal Activity

Before a law enforcement officer, school resource officer, or other school security person detains and questions on school grounds a student under 18 years of age who is suspected of committing a criminal act, the building principal or designee will: (a) Notify or attempt to notify the student's parent/guardian and document the time and manner in writing; (b) Make reasonable efforts to ensure the student's parent/guardian is present during questioning or, if they are not present, ensure that a school employee (including, but not limited to, a social worker, psychologist, nurse, guidance counselor, or any other mental health professional) is present during the questioning; and (c) If practicable, make reasonable efforts to ensure that a law enforcement officer trained in promoting safe interactions and communications with youth is present during the questioning.

Seizure of Property: If a search produces evidence that a student has violated or is violating either the law or school policy, evidence may be seized and impounded by the school authorities and discipline action may be taken. When appropriate, evidence may be transferred to Law Enforcement.

SEXUAL HARASSMENT

The Board of Education has determined that sexual harassment in the educational environment may interfere with a student's performance; create an intimidating, hostile learning environment and diminish the respect and dignity of the School, its faculty, staff, and students. Accordingly, it is the policy of this Board of Education that sexual harassment of students of the District shall not be permitted.

Examples of sexual harassment include, but are not limited to: inappropriate or unwelcome touching, crude jokes or pictures, discussion of sexual experiences, teasing

related to sexual characteristics, indecent exposure (including mooning), sexual assault and spreading rumors related to a person's actual or alleged sexual activities.

Students who are the victims of or witness to conduct which may be sexual harassment are encouraged to notify the School District. Reports may be made to any staff member, who will direct the issue to the appropriate School District official for investigation. Such incidents are subject to the consequences for improper behavior.

Sexual Harassment & Teen Dating Violence Prohibited: Sexual harassment of students is prohibited. A person engages in sexual harassment whenever he or she makes sexual advances, requests sexual favors, and/or engages in other verbal or physical conduct, including sexual violence, of a sexual or sex-based nature, imposed on the basis of sex, that:

1. Denies or limits the provision of educational aid, benefits, services, or treatment; or that makes such conduct a condition of a student's academic status; or
2. Has the purpose or effect of:
 - a. Substantially interfering with a student's educational environment;
 - b. Creating an intimidating, hostile, or offensive educational environment;
 - c. Depriving a student of educational aid, benefits, services, or treatment; or
 - d. Making submission to or rejection of such conduct the basis for academic decisions affecting a student.

The terms *intimidating*, *hostile*, and *offensive* include conduct that has the effect of humiliation, embarrassment, or discomfort. Examples of sexual harassment include touching, crude jokes or pictures, discussions of sexual experiences, teasing related to sexual characteristics, and spreading rumors related to a person's alleged sexual activities. The term *sexual violence* includes a number of different acts. Examples of sexual violence include, but are not limited to, rape, sexual assault, sexual battery, sexual abuse, and sexual coercion.

Teen Dating Violence Prohibited: Engaging in teen dating violence that takes place at school, on school property, at school-sponsored activities, or in vehicles used for school-provided transportation is prohibited. For purposes of this policy, the term *teen dating violence* occurs whenever a student who is 13 to 19 years of age uses or threatens to use physical, mental, or emotional abuse to control an individual in the dating relationship; or uses or threatens to use sexual violence in the dating relationship.

Erin's Law: Erin's Law requires that schools implement a prevention-oriented child sexual abuse program that teaches:

1. students age-appropriate techniques to recognize child sexual abuse and tell a trusted adult
2. school personnel about child sexual abuse

If parents and guardians have questions or concerns regarding the warning signs of child sexual abuse, or need assistance, referral or resource information to support sexually abused children and their families, please contact: **Mrs. Lia Lamb, Counselor, 331.481.4020, LLamb@CassD63.org**

Making a Complaint; Enforcement: Students are encouraged to promptly report claims or incidences of bullying, intimidation, harassment, sexual harassment, or any other prohibited conduct to the Nondiscrimination Coordinator, Building Principal, Assistant Building Principal, Dean of Students, a Complaint Manager, or any employee with whom the student is comfortable speaking. A student may choose to report to an employee of the student's same gender. Complaints will be kept confidential to the extent possible given the need to investigate. Students who make good faith complaints will not be disciplined.

District Title IX Coordinator: Mrs. Christine Marcinkewicz, 331.481.4020, CMarcinkewicz@CassD63.org.

Any person making a knowingly false accusation regarding prohibited conduct will likewise be subject to discipline.

STUDENT RECORDS – TEMPORARY AND PERMANENT

Please refer to the Board of Education Policy for details. Each student in the District has a permanent and a temporary record to which parents have access. The Family Educational Rights Act of 1974 states that parents of students under 18 years of age have the right to inspect students' records. Requests to inspect student records should be made in writing to the District Office. Access to records by people other than parents without written parental consent is prohibited.

SUICIDE AND DEPRESSION AWARENESS AND PREVENTION

Youth suicide impacts the safety of the school environment. It also affects the school community, diminishing the ability of surviving students to learn and the school's ability to educate. Suicide and depression awareness and prevention are important goals of the school district.

The school district maintains student and parent resources on suicide and depression awareness and prevention. Information can be obtained from the school office. If you have concerns about suicide or depression, please contact **Mrs. Lia Lamb 331.481.4020 or LLamb@CassD63.org.**

TECHNOLOGY

Personal Device Expectations: The personal use of cellular telephone, tablets and other electronic devices on school property is limited to before and after school hours. During the school day (8:30 a.m. to 3:30 p.m.) such devices must be turned off and stored in lockers. Violation of this policy will subject students to disciplinary consequences as outlined in the handbook. Students are to keep all cell phones off and in lockers during

school hours. If there is a need to call home during school hours, the office assistants will facilitate your call.

If a student is in possession of a cell phone or smart watch during school hours, it will be confiscated and returned only to the student's parent. Students found to be repeat offenders of this policy will be subject to further disciplinary action.

Electronic devices may never be used in any manner that disrupts the educational environment, violates student conduct rules or violates the rights of others. This includes, but is not limited to, the following: (1) using the device to take photographs in locker rooms or bathrooms; (2) cheating; and (3) creating, sending, sharing, viewing, receiving or possessing an indecent visual depiction or non-consensual dissemination of private sexual images (i.e., sexting).

The school and school district are not responsible for the loss, theft, or damage to any electronic device brought to school.

Access to Student Social Networking Passwords & Websites: School officials may conduct an investigation or require a student to cooperate in an investigation if there is specific information about activity on the student's account on a social networking site that violates a school disciplinary rule or policy. In the course of an investigation, the student may be required to share the content that is reported in order to allow school officials to make a factual determination. School officials may not request or require a student or his or her parent to provide a password or other related account information to gain access to the student's account or profile on a social networking website.

Use of Artificial Intelligence: "Artificial intelligence" or "AI" is intelligence demonstrated by computers, as opposed to human intelligence. "Intelligence" encompasses the ability to learn, reason, generalize, and infer meaning. Examples of AI technology include ChatGPT and other chatbots and large language models.

AI is not a substitute for schoolwork that requires original thought. Students may not claim AI generated content as their own work. The use of AI to take tests, complete assignments, create multimedia projects, write papers, or complete schoolwork without permission of a teacher or administrator is strictly prohibited. The use of AI for these purposes constitutes cheating or plagiarism.

In certain situations, AI may be used as a learning tool or a study aid. Students who wish to use AI for legitimate educational purposes must have permission from a teacher or an administrator. Students may use AI as authorized in their Individualized Education Program (IEP).

Students may not use AI, including AI image or voice generator technology, to violate school rules or school district policies.

In order to ensure academic integrity, tests, assignments, projects, papers, and other schoolwork may be checked by AI content detectors and/or plagiarism recognition software.

District provided device expectations: Your district provided device is an important educational tool to be used daily. It is your responsibility to bring it fully charged to school each and every day. Your device has been provided as an educational tool. The expectation is that your device will be used in only an educational capacity. Students MAY NOT visit social media sites, play games, text, email, or engage in any other activity not related to the scope of the assignment. Any violations will be subject to disciplinary action.

1-1 STUDENT TECHNOLOGY DEVICE AGREEMENT: Every parent consented to this agreement with registration.

1. Cass School District 63 will provide each student a device (i.e., Chrome Book, or iPad), which the student is to use as a positive learning tool in coordination with the District's curriculum. Although this Agreement authorizes the student's use of the device for the year, the device is the property of the District and must be returned upon the District's request or on the last day of the student's attendance for the school year.
2. **Prerequisites to Receive:** To receive a device to use, the student and his or her parent/guardian must sign and submit to this 1:1 Student Technology Device Agreement.
3. **Applicable Policies:** In using the device, the student is subject to and must comply with District's Board of Education Policies, Authorization for Internet Access Student Policy and Student Handbook Policies addressing student discipline, harassment/bullying, and acceptable use of electronic network/technology and their associated administrative procedures and regulations. A violation of any of these policies could result in loss of network privileges, loss of right to use the device, or appropriate discipline, up to and including suspension or expulsion.

Expectations

1. **Students may not:**
 - a. Disrupt the educational process of the school district through non-educational use of the device;
 - b. Endanger the health or safety of themselves or anyone else through the use of the device;

 - f. Secure the device when it is out of their sight. The device should not be left in an unlocked locker, a desk, or other location where someone else might take it;
 - g. Use a protective carrying case with the device.
3. **Daily Use of device.** Unless otherwise instructed, the device is intended for use at school every day. If students are permitted to use the device at home, they are responsible for bringing it to school every day, fully charged.
 4. **No Unauthorized Software or Data.** Only legally licensed software, apps, media, or other data is permitted on the 1:1 device. Students will not download software, apps, media or other data (including songs, photos, or videos) without a District employee's prior approval. Students will not replace the manufacturer's operating system with custom software (i.e., "jailbreak" the device), or remove or modify the District-installed device configuration.
 5. **No Right to Privacy.** The devices are District property; therefore, the District may examine the devices and search their contents at any time for any reason. Neither students nor parents/guardians have any right to privacy of any data saved on the device or in a cloud-based account to which the device connects. The school administration may involve law enforcement, if it is possible the device may have been used for an illegal purpose.

 - a. **Accidental Damage:** In the event of the first instance of accidental damage to the device which is greater than \$50, the parent is responsible for the first \$50 of the cost of repair. Cass School District 63 will fund the remainder of the repair. For any further incidents of accidental damage during one school year, the parent is responsible for full cost of device replacement.
 - b. **Theft:** In the event of theft, upon presentation of a filed police report, the parent is responsible for the first \$50 of the replacement cost. Cass School District 63 will fund the remainder of the replacement cost, for a single occurrence.
 - c. **Loss:** In the event that the device is lost, the parents are responsible to cover the entire replacement cost.
 - d. The decision to assess a charge, as well as the amount of any charge, is at the sole discretion of the District, but will not be greater than the full replacement value of the device.
2. **Hardware or Functionality Problems.** If a problem arises with the functionality of a student's device, the student must notify his or her classroom teacher of the problem within 24 hours or on the next school day. Under no circumstances may the student or his/her parent(s)/guardian(s) attempt to fix or allow anyone but

District staff to attempt to fix suspected hardware faults or the device's operating system. Do not take the device to any repair shop; the student should report the issue to his/her classroom teacher, who will report it to the District's Technology Department.

3. **Failure to Return the Device.** If a student fails to return the device and any assigned accessories as directed, the District may, in addition to seeking reimbursement from the student's parent(s)/guardian(s), file a theft report with local law enforcement authorities.
4. **Internet Filter Outside of School.** Although the District employs Internet filters and monitors students' Internet activity at school, it may not filter or monitor students' Internet access at home or off school grounds. By signing this Agreement, parent(s)/guardian(s) understand and acknowledge this and agree that their child's use of the Internet on the device at home or off of school grounds is at the discretion of, and should be monitored by, the parent(s)/guardian(s). Some sites accessible via the Internet may contain material that is illegal, defamatory, inaccurate, or offensive to some people. Parent(s)/guardian(s) assume complete responsibility for the Internet access beyond the network provided by the District. When using the device outside the District, students are bound by the same policies, procedures, and guidelines as in school.
5. **Data as Records.** Data saved to the device is not maintained by the District as public records or as student records. In the event this data needs to be maintained by the District for any reason, the District will take affirmative steps to preserve it.
6. **Waiver of Device-Related Claims.** By signing below, you acknowledge that you have read, understand, and agree to follow all responsibilities outlined in this Agreement and agree to be bound by this Agreement. You also agree that the device was delivered in good working order and acknowledge that it must be returned to the District in good working order. By signing this Agreement, you waive any and all claims you (and your heirs, successors, and assigns) may have against District 63, its Board of Education and its individual Board members, employees, and agents, from any and all claims, damages, losses, causes of action, and the like relating to, connected with, or arising from the use of the device or from this Agreement.
7. **Indemnification for Device-Related Claims.** To the fullest extent allowed by law, you agree to indemnify, defend, and hold harmless District 63, its Board of Education, and its individual Board members, employees and agents, from any and all claims, damages, losses, causes of action, and the like relating to, connected with, or arising from the use of the device or from this Agreement.

TREATS AND SNACKS

Due to health concerns, treats and snacks for any occasion may not be brought in by students. Activities planned by parent organizations or student activity groups must be arranged in advance and approved by the principal.

VIDEO & AUDIO MONITORING SYSTEMS

A video and/or audio monitoring system may be in use on school buses and a video monitoring system may be in use in public areas of the school building. These systems have been put in place to protect students, staff, visitors and school property. If a discipline problem is captured on audiotape or videotape, these recordings may be used as the basis for imposing student discipline. If criminal actions are recorded, a copy of the tape may be provided to law enforcement personnel. However, due to student confidentiality, recordings may not otherwise be shared.

VISITORS

VISITORS: Visitors are welcome to our school during appropriate times. In order to maintain a safe and secure environment, it is mandatory that visitors present themselves to the front door of the school office and follow visitor procedures. **Please be aware that all visitors must present a valid ID which will be processed via The Raptor System to obtain a visitor's pass.** Approved visitors must wear a visible visitor's pass. Visitors are required to proceed immediately to their destination and should not go to classrooms or anywhere else in the building. Visits by siblings, relatives and friends from outside of the District are discouraged in order to promote and maintain the educational environment.

If a parent wishes to speak to a teacher ***in person***, the parent must make an appointment, preferably 24 hours in advance. The advance appointment allows the teacher to make necessary arrangements so as not to deprive students of instruction (which can result from a drop-in appointment). Please call or email the teacher to prearrange the conference. Visits by former students must be prearranged with the teacher and conducted ***after*** the regular school hours.
